

Samarth Khandelwal

☎ +91-9773959744 | ✉ samarthkhandelwal880@gmail.com | [in LinkedIn](#) | [GitHub](#)

Professional Summary

Along with building interactive and responsive web applications using React.js and backend technologies, also has experience with machine learning and data science projects, demonstrating versatility in full-stack development and AI-driven solutions.

Education

Bachelor of Technology	CGPA: 9.48
Computer Science Engineering, VIT Bhopal University	2023 – 2027
Senior Secondary School Examination (Class XII)	Percentage: 93.5%
Adarsh World School, New Delhi CBSE	April 2023
Secondary School Examination (Class X)	Percentage: 97.4%
Adarsh World School, New Delhi CBSE	April 2021

Technical Skills

Programming Languages: Python, C++, JavaScript, Java

Web Development: HTML, CSS, JavaScript, Node.js, Express, React, Bootstrap, Full Stack

Databases: Oracle SQL, MySQL, PostgreSQL

Tools: Git, OpenCV, Postman, Python APIs, VS Code, IntelliJ IDEA

Core Subjects: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, OOPs

Data Science: Basic experience with pandas, NumPy, scikit-learn, data preprocessing, data visualization

Machine Learning: Experience in developing ML projects using YOLOv5, OpenCV, Transformers

Communication & Public Speaking: Proven ability to articulate ideas effectively, demonstrated by winning top positions in Zonal and Inter-Zonal Debate & Declamation competitions

Projects

Portfolio Website React.js	2026
- Built a personal portfolio website to showcase projects, skills, and experience. - Implemented responsive design to ensure optimal viewing on mobile and desktop devices. - Integrated contact form and interactive UI elements to improve user engagement.	
CGPA Calculator Frontend Project HTML, CSS, JavaScript	2025
- Developed a front-end application to calculate and visualize CGPA with interactive UI. - Integrated input validation and dynamic result visualization for better usability. - Applied modular CSS and JavaScript for maintainable and scalable code structure.	
Indian States Puzzle HTML, CSS, JavaScript	2023
- Created an interactive geography quiz covering 28 states and 8 UTs. - Implemented real-time scoring system and instant feedback for user answers.	
Driver Drowsiness Detection Project ResNet-18, OpenCV, PyTorch	2024
- Engineered real-time drowsiness detection system with 94% accuracy. - Utilized computer vision techniques with OpenCV for facial landmark detection.	

Achievements & Profile Links

- **Coding Profiles:** [LeetCode](#) | [GitHub](#)
- Completed 51 days of Coding Challenge with 100% daily consistency (DSA) (Posted on LinkedIn).
- Led organising committee for 20+ tech events, exhibitions and Annual Function.(2017-2023).
- Cleared Smart India Hackathon'24 rounds 1 and 2, and got into top 50 to progress to round 3.
- Selected in Amazon ML Summer School Program 2025.

Certifications

- Introduction to Machine Learning (NPTEL)
- Bits and Bytes of Computer Networking (Google)
- Data Science using Python (IAMNEO)
